*Why do we fall bruce?
So we can learn to pick ourselves up
~ Thomas Wayne, Batman Begins*

summary

whoami I am Saleh. A full-stack web developer and statistics enthusiast. since childhood, I've been programming for fun, and now I'm developing web for almost 6 years. my main fields of working were entertainment and transportation industries, using Django, PHP, R, MySQL, PostgreSQL and etc. Creating Interesting and useful systems is what connects all my interests and experiences.

Education

2015-2018 **M.Sc.**, Amirkabir University of Technology, Tehran, Mathematical Statistics.

2010-2014 **B.Sc.**, Allameh Tabatabaei University, Tehran, Applied Statistics.

Master thesis

title **Simultaneous Tests For High Dimensional Datasets**

supervisors Dr. Omid Naghshineh, Dr. Adel Mohammadpour (adel@aut.ac.ir), Dr. Mina Aminghafari

Rapporteur Dr. E. Khorram and Dr. Ahmad Parsian

description Nowadays emergence of new technologies like Mircroarray has been leaded to creating large scale datasets. Datasets which number of variables are a hundred times as their sample sizes. As the usual methods like T^2 -Hotelling for simultaneous comparison of means in such datasets, there exists a need for new methods. In first, this thesis, different methods for comparison of mean vector will review. Then a new applicable method in Behrens-Fisher setting, (assumption of non-equal variance in testing means of two populations) and invariant under shift and scalar transformations introduced. This method implemented using C++ in  and the performance of the implementation has been investigated.

BSc. Project

title **Investigation on Mobile-Bank Service Based on SERVQUAL Model**

Experience

Sep 2015- **Website Management and  Developer**, Allmaeh Tabatabaei University, Tehran.

Nov 2016 Working on atue.ir website and shop and bank gateway.
used Technologies: Wordpress, MySQL, Woocommerce

Just a  **Developer**, ATNA (Allameh Tabatabaei News Agency), Tehran.

Project Fix some major bugs in website, including problems in front-end and implementation of home page slider

May 2018- **Full-stack  Developer**, Boundar Souban Samaneh, Tehran.

April 2020 Irasography is a website for photographers and photography enthusiast people. This website provides services for photographers to show their art, and for companies to order their photography needs. irasog-raphy.com.

I was responsible for implementing API endpoints and front-end UI. Used technologies were django, postgresql, bootstrap, nginx, etc.

September 2019- present	Part-time full-stack developer, Rest API, and management dashboard, Parastoo Co., Tehran. <i>Abrbar is a transportation project in order to manage shipment of cargoes. Used by truck drivers and cargo companies. My task is Implementing restful API which currently uses in both drivers and customers android app and abrbar dashboard</i> used technologies: Django, postgresql, Nginx, reactjs, PWA, jquery, etc.
September 2020- present	Part-time Back-end developer, DNBuY Co., Tehran. <i>Dnbuy is a domain and hosting provider website. My task is to participating to new dnbuy service implementation.</i> used technologies: Django, Nginx, MySQL, jquery, etc.

Languages

English	Advanced
Arabic	Beginner
Japaness	Beginner

Computer and programming skills

Linux OS	6 Years User of Linux OS  ,  , 
Web Development	Familiar to django framework (for instance django dongy app available in github and contributing in django allauth, developing djang-simple-chart, irsasography photographers platform, and abrbar project). Prgramming in PHP, MySQL. and wordpress development. currently sometimes learning GO language. Familiar to HTML, CSS3. Familiar to Bootstrap CSS framwork.
Serverside Deployment	familiar to Deploying django app using nginx and uwsgi
Statistical Programming	R, more than 4 years experience on R programming for statistical purposes. Familiar with R base functions and packages like ggplot2 and FactoMineR, Familiar to SPSS, SAS, and Tableau
VCS	Familiar to git, and gitflow

Interests

Routine job interests	Interested in learning New topics in technologies and human languages. Reading  stackoverflow and other Stackexchange sites and try to answer the questions.
	Web Development, Statistical Research

Courses

- AUT and Paris 5 university courses on applied statistics (Clustering, Random Forests and Extreme Value Theory)
